

School Rules

1.1 Preamble

These School Rules state the fundamental rules of conduct which govern community life at the Lyceum Alpinum Zuoz, based on the values in the Philosophy and Objectives statement.

These School Rules are an integral part of the education contract; they are binding for all members of the school community.

1.2 Communication Policy

As a rule, members of the school community strive to solve by direct communication any conflict which may arise. Physical violence and verbal intimidation or harassment, including instances of bullying, are in opposition to the key value of *Fair Play* and therefore not acceptable.

We expect from our students that they look after each other and that they contact a member of staff if they notice that someone is not well. Further details are to be found in the [Safeguarding and Child Protection Policy](#).

1.3 Cooperation

The school reserves the right to expel a student if she/he severely undermines the values outlined in the school's Philosophy and Objectives. The same applies if parents act in a way which prevents positive and constructive cooperation or which jeopardises the fulfilment of educational goals.
